

Pet Guidelines

GUEST ACKNOWLEDGEMENT

We welcome you and your pets (dogs and cats) to our hotel. The following guidelines have been established to protect the comfort of all of our guests:

- No more than 2 pets per room.
- The total combined weight of the pets is not to exceed 80 lbs.
- Rooms with pets will be charged a daily fee.
- While pets are welcome in your guest room, they are not permitted in the public gathering areas of the hotel. This includes the lobby, dining area, pool, fitness center, etc.
- As a courtesy to other guests, please use the stairwells when transporting your pet to and from your guest room.
- Your pet must be on a leash or in a pet carrier when traveling to and from your guest room.
- Pets should not be left alone in your guest room at any time.
- Please use waste bags to clean up after your pet. If you need bags, please see someone at the front desk. They will provide you with bags and can direct you to the pet relief stations.
- You are responsible for the cost of repairs due to damages caused by your pet and the loss of revenue due to noise complaints about your pet. In the event of a problem, you may be asked to leave the hotel without a refund.
- **Service animals are welcome throughout the hotel at no additional charge. Under the Americans with Disabilities Act, a service animal is limited to any dog or miniature horse that is "individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other cognitive disability."**
- **According to Federal ADA guidelines, animals whose sole function is to provide emotional support, comfort, therapy, companionship, or crime deterrence are considered pets and are not considered service animals. Therefore, the daily pet fee does apply.**

Thank you again for choosing to stay with us. Should you need any assistance throughout your stay, please contact the front desk.
